Company Overview: Legacy Designs Studio Inc. is a registered 501(c)(3) nonprofit organization and LLC, doing business as Legacy Builders & Empowerment Inc. We are dedicated to fostering personal growth, encouraging self-expression, and preserving cultural heritage through innovative approaches and the transformative power of technology.

Our mission is to emphasize the importance of how communities utilize digital tools to share their stories, preserve their heritage, and create lasting legacies. We believe that by harnessing the power of innovation, we can unlock the doors to heritage, culture, and knowledge like never before.

Core Competencies:

Co-Working & Workshops:

- We offer workshops for GLAMS to learn how to effectively use digital tools, and we assist in creating or hosting digital, VR, and AR events and exhibits.
- Co-working space and meeting rooms for collaboration and creativity.

Event Hosting:

- Hosting private and public, virtual events, workshops, and seminars focused on digital storytelling and heritage preservation.
- Allowing creators to use our space to produce digital content.

VR and AR Development Services:

- Consultation services to support GLAMs in integrating VR and AR technologies.
- Design and development of tailored VR and AR solutions to enhance exhibits and storytelling.

Differentiators:

Innovative Approach: Combining traditional arts and heritage with modern technology to create immersive and engaging experiences.

Comprehensive Services: End-to-end support from concept development to training and ongoing assistance.

Community-Centric: Focus on showcasing Black voices and narratives, empowering communities through digital tools.

Working Museum: A collaborative environment where engagement and creativity flourish.
