Marker Egg Hunt for California State Railroad Museum Archival Finding Aid

The Mural was designed and developed with the Sojourner Truth African Heritage Museum and the California State Railroad Museum. Legacy Builders & Empowerment Inc was hired as a contractor by SOJO to design, develop, implement, and test the Augmented Reality aspects of the Mural.

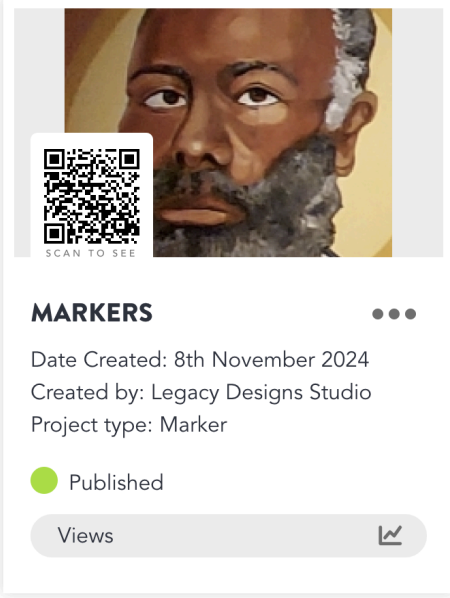

The Augmented experience includes 5 markers which are hidden within the Mural. Users enter the experience view a mobile web browser by scanning the QR code and giving the system access to their mobile device for that limited time only. Once the browser is closed, access is removed.
